Conference Details

The conference marks the book launch of 'More CORE'. Inspired by the training material for CORE, 'More CORE' builds on the original material and introduces the new modules of Transitions, Special Needs, Global Issues, Challenging behaviour, Advocacy, and Young Leaders.

The conference is a multi-choice programme offering eighteen workshops including the original CORE workshops, the six new More CORE workshops, and six further seminars looking at the 'Voice' of children in the church. Details of the workshops and a form for selecting them will be emailed to you prior to the conference.

Cost includes full board in single en-suite rooms. A small number of bursaries are available to delegates who would otherwise struggle to pay the conference fees. Please apply in writing to the address below on church or organisation headed note paper for up to two people from your church or organisation.
